Welcoming you and the world to

What's Next

Introducing your new Global Superhub.

A new journey is beginning at Dallas Fort Worth International Airport. We're reimagining what an airport can be—becoming one of the world's best airports and a place that's a destination unto itself, with inspiring moments of its own. A place that strives to be a bigger part of the growth of the region we serve and the global travelers we welcome. One that connects DFW to the world, and brings the world to us.

DFW

Travel. Transformed.

WELLS FARGO

"It works for helping me establish a business plan."

—Lisandro Fernandez, Owner of North Pole Air Conditioning and Heating Service, Inc.

Every day, small business owners across the country work hard to make their entrepreneurial visions a reality. For Lisandro Fernandez and North Pole Air Conditioning and Heating Service, Inc., that meant making sure his capital worked as hard as he did to expand his company's reach. Helping business owners like Lisandro is why we created Wells Fargo Works. It's our commitment to small businesses everywhere. By delivering a wide range of products, resources, and guidance, we help businesses take the next step toward their goals. Learn, grow, manage, and connect through Wells Fargo Works.

Wells Fargo Works ***for Small Business***

wellsfargoworks.com

***Wells Fargo awarded Lisandro Fernandez $25,000 to help build the business.**

NAWIC Builds

Your Career. Your Education. Your Future.

NAWIC Fort Worth Chapter #1

www.nawic-fw.org

Meetings are held on the 3rd Thursday of every month. Check the website for details.

NAWIC Dallas Chapter #2

www.nawic-dallas.org

Meetings are held on the 3rd Monday of every month. Check the website for details.

Since its founding, NAWIC, an international non-profit organization, has grown to a membership of 5,500 women with more than 160 chapters. In its 54 years of service to its members, NAWIC has advanced the causes of all women in construction whose careers range from business ownership to the skilled trades. With almost 1,119,000 women working in construction today, the industry is more accepting of their non-traditional roles.

Over the years, the cause of NAWIC has stayed the same: To enhance the success of women in the construction industry. NAWIC has many education opportunities:

For children - to explore and open their minds to the possibilities construction offers as a career choice; For Adults - to further their careers with certification courses. For more than 30 years, NEF has offered creative and educational programs for students from grade school to high school and adult certification programs. The Foundation's award-winning Block-Kids program, Building Design Program and the CAD/Design/Drafting Scholarship Awards competitions introduce students to careers and opportunities in construction.

NEF's adult certification programs include: Certified Construction Associate (CCA), Construction Document Specialist (CDS) and Construction Industry Technician (CIT), which are administered through Clemson University. Since its founding, the NAWIC Founders' Scholarship Foundation (NFSF) and NAWIC chapters nationwide have awarded more than $4 million in scholarships to students pursuing construction-related studies.

NAWIC's objectives are:

- To unite for the mutual benefit of the women who are actively engaged in the various phases of the construction industry.
- To promote cooperation, fellowship and a better understanding among members of the
- Association.
- To promote education and contribute to the betterment of the construction industry.
- To encourage women to pursue and establish careers in the construction industry.
- To provide members an awareness of the legislative process and legislation as it relates to the construction industry.

The Companies of Acme Brick Help You Build Beautiful Structures That Endure.

For more than 120 years, Acme Brick Company has been meeting the needs of contractors with hard-fired clay brick in a vast array of colors and textures.

American Tile & Stone, now 50 years old, is one of the Southwest's leading resources for ceramic tile and natural stone from around the world.

Featherlite concrete masonry units provide an economical, fireproof, and aesthetically exciting resource. Two specialty lines, oversize Caprock Stone and the half-high Town Square Series, are made here in DFW.

Texas Quarries produces the highest quality native Texas limestone in a variety of colors and textures, including world-famous Cordova Shell and Cordova Cream limestone.

IBP products are engineered and manufactured in Denton. They include GlassWalk structural glass floor systems and the exciting new Fast Track Stone support system.
