

Noelle Ibrahim, P.E., bio:

Noelle Ibrahim, P.E., is the founder and president of VRX, Inc., an award-winning engineering and environmental consulting firm located in Texas, New York, and Oklahoma. Since its founding in 2006, VRX has won numerous AEC industry awards, including those from ENR, CMAA, APWA, ACEC, and the Regional Hispanic Contractors Association, among others. VRX was featured in the Dallas Business Journal as the largest woman-owned business in 2014 and 2015.

Noelle has more than 30 years of construction management and design experience in transportation, storm water, wastewater, and facilities projects. Prior to founding her company, Noelle served as the Chief Engineer of Construction for the North Texas Tollway Authority (NTTA), successfully completing the construction of high-profile projects such as PGBT from IH 35 to IH 635, the SH 121 and DNT Interchange, as well as other new toll roads and bridges.

Throughout her career, Noelle has been an advocate and supporter of CMAA and SAME; she currently serves as President of the SAME Dallas Post and previously served as President of the CMAA North Texas Chapter. She also serves on two Transportation Research Board technical committees.

Noelle earned her B.S. degree in Civil Engineering from BirZeit University and a Master's degree in Civil Engineering from Columbia University in New York. Prior to moving to Texas, she worked for the New York Department of Transportation and the Metropolitan Transportation Authority in New York.
